Intermezzo . . .

Program Studi Independen

Program pembelajaran non-gelar yang diselenggarakan oleh organisasi atau industri yang menyediakan pengetahuan dan keterampilan dengan tingkat relevansi tinggi di dunia kerja dan dunia usaha dalam bentuk kursus singkat (short course), kemah kerja (bootcamp), massive open online course (MOOC), dan lainnya, yang dilanjutkan dengan kegiatan kolaborasi bersama dengan sesama peserta maupun personil organisasi mitra dalam suatu proyek atau studi kasus. Berikut ini adalah karakteristik Studi Independen bersertifikat Kampus Merdeka:

Intermezzo . . .

Designed to prepare students with in-demand skills and tech certifications, the Bangkit curriculum offers 3 interdisciplinary learning paths - machine learning, mobile development, and cloud computing. By the end of this program, you'll be equipped with the tech expertise, soft skills, and English proficiency you need to transit from academia to the workplace and succeed at leading companies.

Snippet Cloud Computing

GENERATION GIRL

“Cloud computing is the on-demand availability of computing resources (such as storage and infrastructure), as services over the internet. It eliminates the need for individuals and businesses to self-manage physical resources themselves, and only pay for what they use.”

Wait, what will we learn during the Bangkit program, especially in cloud computing?

Cloud Computing

Learn the fundamentals of cloud computing to deploy applications, monitor operations, and manage enterprise solutions
